ABOUT CWIB

Confident Women in Business (CWIB) was founded in February 2018 by Cerita Nagy as a forum designed to inspire, support, and encourage women in business who love God. We believe in the power of diversity and recognize that every woman's journey in business is unique.

Our purpose and passion are to empower women in business through God's Word, with weekly Bible Study sessions, monthly online events, an annual Conference, a Business Expo, regular Business Circle Events, Online LunchTime MasterClasses, Workshops, and Retreats. On this forum, women can share their faith and their love for business, and through this, they empower other women in business.

CWIB serves as a beacon for women seeking to integrate their Christian values with business leadership, fostering growth, collaboration, and spiritual enrichment. With a growing footprint, CWIB has connected thousands of women across all ages, regions, industries, and business stages. Our community includes entrepreneurs, corporate leaders, and professionals, all united by a common mission to live out their faith in the marketplace.

SPONSORSHIP & MARKETING OPPORTUNITIES

The CWIB Business Expo is a premier event that brings together Christian businesswomen, entrepreneurs, and professionals to network, showcase their products and services, and grow in faith and business. This year marks the 4th year that we hosted this Business Expo in Gauteng, and we are excited to announce that we will also host this event on 26 September in the Western Cape.

The Business Expos are an opportunity where businesswomen can connect and network with like-minded women in business who love God! Christian businesswomen at any stage of their career or business journey can showcase their products and services, support each other, minister to each other, and build heartfelt business relationships.
